DISCUSSION: The nonimmigrant visa petition was denied by the Director, Nebraska Service Center, and is now before the Associate Commissioner for Examinations on appeal. The appeal will be dismissed.

The petitioner is a nursing home facility. It seeks classification of the beneficiary as a certified nursing assistant for a period of three years. The director determined that the petitioner does not have a bona fide training program.

On appeal, the petitioner states that it is requesting approval for the beneficiary to work part-time while continuing her educational course work.

Section 101(a)(15)(H)(iii) of the Immigration and Nationality Act (the Act), 8 U.S.C. 1101(a)(15)(H)(iii), provides classification to an alien having a residence in a foreign country which he or she has no intention of abandoning who is coming temporarily to the United States as a trainee, other than to receive graduate medical education or training, in a training program that is not designed primarily to provide productive employment.

The regulation at 8 C.F.R. 214.2(h)(7) states, in pertinent part:

(ii) *Evidence required for petition involving alien trainee--* (A) *Conditions.* The petitioner is required to demonstrate that:

(1) The proposed training is not available in the alien's own country;

(2) The beneficiary will not be placed in a position which is in the normal operation of the business and in which citizens and resident workers are regularly employed;

(3) The beneficiary will not engage in productive employment unless such employment is incidental and necessary to the training; and

(4) The training will benefit the beneficiary in pursuing a career outside the United States.

(B) *Description of training program.* Each petition for a trainee must include a statement which:

(1) Describes the type of training and supervision to be given, and the structure of the training program;

(2) Sets forth the proportion of time that will be devoted to productive employment;

(3) Shows the number of hours that will be spent, respectively, in classroom instruction and in on-the-job training;

(4) Describes the career abroad for which the training will prepare the alien;

(5) Indicates the reasons why such training cannot be obtained in the alien's country and why it is necessary for the alien to be trained in the United States; and

(6) Indicates the source of any remuneration received by the trainee and any benefit which will accrue to the petitioner for providing the training.

(iii) *Restrictions on training program for alien trainee.* A training program may not be approved which:

(A) Deals in generalities with no fixed schedule, objectives, or means of evaluation;

(B) Is incompatible with the nature of the petitioner's business or enterprise;

(C) Is on behalf of a beneficiary who already possesses substantial training and expertise in the proposed field of training;

(D) Is in a field in which it is unlikely that the knowledge or skill will be used outside the United States;

(E) Will result in productive employment beyond that which is incidental and necessary to the training;

(F) Is designed to recruit and train aliens for the ultimate staffing of domestic operations in the United States;

(G) Does not establish that the petitioner has the physical plant and sufficiently trained manpower to provide the training specified; or

(H) Is designed to extend the total allowable period of practical training previously authorized a nonimmigrant student.

The beneficiary is a nursing assistant and presently enrolled in Ridgewater College taking a licensed practical nurse course.

The nontechnical description of the job on the petition reads: "personal care of elderly." The petitioner would like the

beneficiary to work part-time at its medical facility while continuing her educational course work. The petitioner states that the beneficiary would be allowed to practice valuable clinical skills and assist with the care of vulnerable adults in its long term care facility.

The record does not contain the petitioner's training program. Absent a training program which includes a detailed description of the coursework, the number of hours that will be spent, respectively, in classroom instruction and in on-the-job training, a listing of who will be providing the supervision and training, a listing of the textbook(s), a description of the method of instruction, and the grading criteria, the petitioner has not shown that it has a structured training program.

Furthermore, the petitioner requested consideration under the H-1A classification. Please note that during the appeal process, the Service is unable to change the classification of the beneficiary to another classification. The statute nor the regulations provide for such consideration in the alternative, during or after the adjudication of the petition. The petitioner must file a new petition for consideration under the H-1A classification.

In nonimmigrant visa petition proceedings, the burden of proving eligibility for the benefit sought remains entirely with the petitioner. Section 291 of the Act, 8 U.S.C. 1361. The petitioner has not met that burden.

ORDER: The appeal is dismissed.
